To Whom This May Concern:

Facilis Group had the pleasure of hosting Mark Eaton as the guest speaker for our annual summit. During these meetings we bring together our partners – owners of promotional products companies. Mark's speech launched our event and he set the exact tone we desired.

Not only did Mark have an amazing story about his journey through life; he seamlessly incorporated his personal challenges and triumphs into key business take-a-ways. The points he presented about "Winning Teams" sparked discussion, challenged out-of-the-box-thinking, and will continue to be relevant for years to come.

I highly recommend Mark Eaton for any of your future events.

Sincerely,

Chuck Fandos
