To Whom It May Concern:

Each year Med One Capital holds an annual meeting. This provides an opportunity to get the entire company together to focus on where we have been, where we are and what is in store for the future. It is my privilege of managing this event and doing everything I can to make sure it is a success.

One of the highlights of the meeting each year is our keynote speaker. This year we had the great opportunity to hear from Mark Eaton. His presentation far exceeded our expectations. The message he presented was practical and meaningful for every person in attendance - regardless of his or her specific job responsibility. Mark didn't just get up and tell a great story. He used his experiences to bring home valid points that could be applied by everyone. He presented in a positive, professional and entertaining manner that kept people involved in the presentation.

Mark was perfect for our group and I highly recommend him as a speaker at your next event.
