To Whom It May Concern:

Drury Design Dynamics has had the pleasure of booking and producing Mark Eaton for our IBM clients in both 2014 and in 2015, for a total of 12 engagements. Each and every time, Mark has been really terrific, both on-stage and off. On stage he delivered customized presentations, always incorporating IBM's messaging and objectives, always hitting the bull's-eye. Off stage, he not only did countless Meet & Greets and photo ops, but he also attended several receptions, mingling and schmoozing.

Overall, Mark Eaton always delivers, 110% of the time, which is why he remains a favorite of both IBM and Drury Design Dynamics. We recommend him highly every chance we get. I'm happy to discuss Mark further at any time.

My thanks and best wishes.

Sincerely,

Mark Felix
